Indian machine tools industry: Pillar of India's economic growth

The growth of the Indian economy is fueled by a large domestic demand. Further, there is an increased demand for manufacturing for the world. To fulfill this need for large-scale manufacturing of products of international quality at competitive cost, there is wide-spread adoption and development of modern manufacturing technologies and processes. Modern machine tools equipped with the latest technologies for high productivity and quality at competitive cost are an integral part of this. Hence, the role of the Indian machine tools industry in India's economic growth cannot be overstated.

9th RAJKOT MACHINE TOOLS SHOW

RMTS 2024, the 9th edition of the trade fair for Machine Tools, Manufacturing and Engineering goods will resume its focus on cutting-edge technologies and innovative products and services. The enterprise and genius of the local industry will be displayed alongside the research and development of the national and international leaders. The local industry will enhance its outreach to lucrative national and international markets while the established leaders will explore regional markets. The previous editions of RMTS witnessed a large number of high calibre participants and visitors from India and abroad. Buyer-Seller programs, B2B Meetings and Seminars witnessed large-scale participation. All participants testified to rich interactions and substantial, lasting benefits. RMTS 2024 promises to do even better.

past exhibitors

It is a fantastic experience. We have good leads, inquiries and feedback. We could meet many of the dignitaries and customers. This will help us to improve our footprint in Gujarat and Saurashtra region.

LAKSHMI MACHINE WORKS

Rajkot is a very important market for us and we cater to most of the bearing industries and industrial casting industries and automobile industries over here. This time at the RMTS exhibition we have launched a new product. The exhibition has been very good and we have got a very good response.

MITUTOYO SOUTH ASIA PVT. LTD.

We have a wonderful experience participating in the RMTS.

SURESH INDU LASER PVT. LTD.

The Rajkot Machine Tools Show is good and it gives us a very good platform in the Saurashtra region. We regularly participate in this. We are very much happy with the facilities provided by the organisers. The visitors which are coming over here are really good and that is the value of the exhibition and because of that, we all would generate a very good business. We are very much happy with the Rajkot Machine Tools Show and we are very connected with K and D Communication Ltd for many years.

JANATICS INDIA PRIVATE LTD.

The purpose of participating in this exhibition is to tap into the Gujarat region and to create awareness. The response is good. We have been able to answer a lot of enquires and we will take it forward.

MECHATRONICS CONTROL EQUIPMENTS INDIA PVT. LTD.

We have been participating in this show for a long time and it enabled us to have more clients.

SAHAJANAND LASER TECHNOLOGY LTD.

We have exhibited in Rajkot for the first time. The show is very impressive and there are lots of walk-ins of potential customers for discussion. We have generated a lot of inquiries here through the Rajkot Machine Tools Show.

S AND T ENGINEERING PRIVATE LTD.

We are very happy to be here at the Rajkot Machine Tools Show. We have been participating since its inception and we are happy with the response. It has always been very good. Rajkot is an emerging market for machine tool builders so it is a naturally very good market for us. We appreciate the organisers for this show.

STATE ENGINEERING CORPORATION

We participated in the RMTS, and we got a very good response in terms of visitors. We have received some very good customers through this participation.

**SHREE PRAYAG AIR CONTROLS PVT. LTD.
(SPAC PNEUMATICS)**

We have received a phenomenal response by participating in the RMTS. It is very beneficial for us because we get to engage with our customers directly. We would like to participate in future events also.
