FROM OUR SUPPORTING PARTNERS

MACHINE TOOLS MFG. ASSOCIATION
RAJKOT

The 16th ENGIMACH was dedicated to showcase the latest technology in modern manufacturing required to fulfill the pressing current demand of manufacturing both for India and the World and was truly a success and larger than any earlier editions. The trade show displayed the latest technology critical for large scale manufacturing of world class products of high quality at competitive cost.

With over 1000 exhibitors including the concurrent shows, ENGIMACH is now at par with the best of engineering & manufacturing shows in India!

Apart from the Engineering, Machine Tools & Automation exhibitors in ENGIMACH, the concurrent and co-located shows provided depth and variety to the mega event - from Startup Exhibition to Smarttech Conference featuring international speakers to a trade show dedicated to creating an Indian Castings bazaar!

We congratulate K and D Communication Limited for a highly successful 16th ENGIMACH and hope that all their other trade shows also act as similar powerful catalysts to industrial growth and prosperity.

Yogin Chhaniara
President,
Machine Tools Manufacturers Association, Rajkot

The 16th ENGIMACH, 2023 held on 6-10 December, 2023 at Gandhinagar, Gujarat, was truly a success and larger than any earlier editions. This show displayed the latest technology critical for large scale manufacturing of world class products of high quality at competitive cost. K and D Communication Limited is dedicated to organize trade shows that act as powerful catalysts to industrial growth and prosperity.

LMTMA praises K and D Communication Limited for this commendable show.

Thanks & Regards
Jatinder Singh Viridi
Governing Council Member
LMTMA(Ludhiana Machine Tools Manufacturers Association)

www.lmtma.org
events@lmtma.org
9815703712

At the outset, we thank you very much for allotting us a stall at ENGIMACH 2023 at Gandhinagar, Gujarat. Our Association - Association of Ludhiana Machine Tool Industries - was very much impressed with the way the exhibition was organised. We could see some of the stalls displaying machineries manufactured with most modern technology. The footfall was quite encouraging.

We once again thank you and wish all the best in your future endeavours.

Thanks,

Tarlochan Singh,
President,
Association of Ludhiana Machine Tool Industries

FROM OUR SUPPORTING PARTNERS

We congratulate K and D Communication Limited for an outstanding industrial exhibition to stimulate the economic progress of Gujarat and the Nation!

Indeed, we are proud to be one of the supporting Trade Associations of this important event. The 16th edition of ENGIMACH was unique in many respects. While trade shows usually play an important role in stimulating economic growth, the 16th ENGIMACH was held at a particularly opportune time during the present economic ascendancy of the country. It was not only the biggest edition of the trade show so far in terms of exhibitors and visitors but also the most interesting with the concurrent shows adding a lot of character and depth to the overall mega event.

While the Vibrant Gujarat Startup Conclave and Exhibition displayed innovations and investment opportunities, the Smarttech Conference featured many notable international speakers who gave valuable insights on the future of many sectors including manufacturing. The Castings & Foundries Exp focused on a sector not common in exhibitions and showed much promise for its future.

We are sure the organizers will continue to produce such outstanding trade shows and we look forward to continue our support as a trade body.

Dr. Lalit Kumar
President
Laser Industries Association of India

"India's Innovation Unleashed: Pioneering the Future of Manufacturing"

As the Board Member & President of the Startup Association of India, I would like to give a big applause to the entire team of 16th ENGIMACH, it was great to support this groundbreaking event that exemplified the pinnacle of modern manufacturing technology.

The 16th ENGIMACH, stands as a testament to India's unwavering commitment to innovation and industrial progress. It served as an unparalleled platform to showcase cutting-edge technology vital for meeting the escalating demands of manufacturing, both domestically and on a global scale.

Inclusion of concurrent and co-located shows such as Vibrant Gujarat Startup Conclave, Vibrant Gujarat Global Summit added a layer of depth and diversity to this mega event. From riveting Startup Exhibitions to the intellectually stimulating Smart-tech Conference featuring esteemed international speakers, ENGIMACH offered a comprehensive panorama of innovation and expertise. The dedicated trade show aimed at fostering an Indian Castings marketplace further enriched the event, echoing its commitment to addressing diverse industrial needs.

With a staggering presence of thousands of exhibitors, including concurrent shows, ENGIMACH has firmly solidified its position as one of the foremost engineering and manufacturing exhibitions in India. Its significance lies not only in its monumental scale but also in its ability to spotlight the latest advancements crucial for large-scale manufacturing of world-class products, ensuring uncompromising quality at competitive costs.

We extend our appreciation to K and D Communication Limited for their unwavering dedication to organizing trade shows that serve as potent accelerators for industrial growth and prosperity.

Dipti Lavya Swain
Board Member & President
Startup Association of India

#EXHIBITORS SPEAK

Mr. Sheetal Kaloda,
Cluster Head
Western Region

We are participating for the first time. The response is wonderful and we feel that this will be a good success for us. Definitely to reach out to many customers in various segments where our footprint is not there I think such exhibitions will definitely provide a good platform for us. I personally feel this is going to be a good platform for us when I look at the turnout of various customers. The quality of customers and the seriousness from the customers is wonderful. So definitely we look forward to participate in ENGIMACH during the next edition. ”

Mr. Jigar Gajjar
Regional Manager, Gujarat

In ENGIMACH, we are participating since 16 years. Here we have displayed few new and recently launched products like VP 3000 for Pump Application and CNC Controller. Compared to last year, this year the footfall is quite good so we are quite impressed and the arrangement and everything is quite good. This year we are Silver Sponsor and definitely we will have to participate in this exhibition again.

Mr. Vishal Pratap
Manager Marketing
(Machine Division)

Our key customers are from the Automotive Sector, Furniture Industry, Defence Segment, Railways, Steel & Chemical Plants, White Goods and Transmission Tower Line Equipment. We are associated with ENGIMACH since more than 10 years and it's a good experience to be here. We have got a good footfall of regional customers, pan-India and overseas as well. We would like to meet our existing customers as well as new customers so we will definitely be participating in next ENGIMACH as well. ”

Ms. Ashwini M. Hugar
Sr. Executive - Marketing,
Sales Coordination &
Administration

It is a good experience. There has been a good response from the customers, we are getting good new prospective contacts and we are generating good quality leads from ENGIMACH. So we will definitely participate in the upcoming ENGIMACH in 2025. ”

Mr. Rakesh Patel
Regional Sales Manager
- Gujarat

Mainly we are focusing on automotive and certain non-automotive products like aerospace and hydraulics. For Indian growth definitely ENGIMACH is contributing and EMAG can contribute by giving turnkey solutions to local customers. For example, we have some good solutions for two-wheeler and four wheeler electric vehicles. ”

Mr. Varun Arora
General Manager

This is the 4th or 5th edition in which we are participating and it has been a good show for us. We had some good customers visiting us, some good leads received and hopefully in 5 days we'll have a lot of customers to serve. I think ENGIMACH is providing a platform where lot of customers are meeting suppliers and giving opportunity to companies like us where we can showcase our products and help customers in enhancing their automation and IOT needs. For sure, we'll be here, hopefully in the same location and we'll continue to be participating in ENGIMACH. It's a good show. ”

Mr. Yuki Kita
President & CEO

This is the 5th time we are participating and I'm very happy to participate. Gujarat state is a very much important state for industry growth in India. Of course, we will come back here to participate in the ENGIMACH show because this show is one of the biggest Machine Tools show and so for us very critical opportunity to introduce our products. ”

Mr. Nithin M Naidu
General Manager, India

ENGIMACH is very well known to me for quite some years not only from my present organization but also from my previous organization and we are very happy that we are here displaying our machines here. We are thankful to ENGIMACH for providing us this platform to display our products, to show the strengths of our machines and the technology that we offer to customers. I personally feel that the whole event would be quite successful and this will be quite fruitful not only for us but to everybody here. We will definitely be back here in 2025 and I think we would display more machines than what we have today here. ”

Mr. Pravin Manchanda
Head, Bawal Works

Our experience this year is really good at the ENGIMACH and we have noticed that the footfall is really good. ENGIMACH gives the Indian manufacturer the platform where we introduce and display our products to the inner as well as the outer world. Depending on the market situation and the exports of the metal forming world we would like to participate in 2025. ”

#EXHIBITORS SPEAK

JANATICS
Pneumatic

Mr. Amish Bhavsar
GM – Marketing

We are participating for the 16th time this 16th ENGIMACH! It was surprising that there was heavy rush in the morning session of Day 1 itself! This is a very good platform where all the customers are coming over here and we can generate very good revenue. So, as far as the economy is growing, platform like ENGIMACH definitely helps us to grow further. Regarding my participation in the next edition of ENGIMACH in 2025, I would like to book it today! ”

JYOTI

Mr. Hiren Jadeja
President - Marketing

Since the second edition we have been participating in ENGIMACH with the state-of-art technology products from metal cutting space. Since today is the first day it is not suitable to comment but considering today's crowd it seems it would be a game changer event for us! As far as the footfalls are concerned, lots of our old customers as well as the new customers they are visiting us. Surely, 100% percent we will be there in the next edition of ENGIMACH! ”

LASER
TECHNOLOGIES

Mr. Rakesh Agarwal
Managing Director

This is our 3rd time participating in ENGIMACH and everytime we are growing so we are increasing the booth size. I believe this kind of exhibition is playing a pivotal role in the growth of Indian manufacturing sector because customers can see what kind of technologies are there in the market which they can use in their manufacturing to increase the production, to increase the quality and be more competitive on the global market. Regarding participating in the next edition of ENGIMACH, of course, we will be there. As I told you, may be with 50 to 80% more space! ”

LMW

Mr. Indraneel Bhattacharya
Vice President
– Sales & Marketing

We are there from the first ENGIMACH and we opened our account in Gujarat with ENGIMACH exhibition! The first order came from there. Before that, we were not present in Gujarat! India is going to become the world factory and manufacturing is at a high uptrend. To support that, Machine Tools companies have come up in a big way so that now we can replace the imports which used to be very high! If you take the product we manufacture, these are machines which are now mostly procured by Indians from Indian companies. Regarding the next edition of ENGIMACH 2025, we will come back 100% because it is very important for us to launch new products in this market. We do get a lot of leverage from this exhibition and will continue to come. ”

MAX PHOTONICS

Mr. Himanshu Prajapati
Sales Head - India

Although we are first time participating in ENGIMACH, we had previously participated in INDIA MACHINE TOOLS SHOW (IMTOS) and our experience there was very good. We are getting very good business in this exhibition also. So we are very confident we will come again in ENGIMACH 2025 and also participate in other exhibitions of the same organizers.

Mazak

Mr. Sagar Kheradiya
AGM Sales (Gujarat)

Mazak is a Japanese company with H.Q. in Pune and an office in Gujarat also. Our VC – EZ which we were earlier dispatching from Japan and Singapore, we are now manufacturing in India at our Pune plant! We are thankful to ENGIMACH for giving us this platform and our experience is very good and since many years we are participating in ENGIMACH. ”

Phillips
MACHINE TOOLS

Mr. Gautam Goswami
Deputy General Manager
– Gujarat

We are associated with ENGIMACH since last 25 years. We have always showcased new technologies and obtained new customers here. So the overall experience of ENGIMACH is always good. Yes! We prefer ENGIMACH always first! ”

PROARC
For the non-stop you

Mr. Kamlesh Thakur
Director

We are participating for the 4th time and our experience has been good. We are happy to see it is growing with more and more participants. We see now that this is as big an event as IMTEX in Bangalore or any other exhibition in India! Our team in Gujarat is very excited about participating in every exhibition of ENGIMACH which is coming up in future. ”

Pioneering a new future,
with you !!

YAMAZEN

Mr. Praveen Daddimani
Senior Regional Manager
– Service

We have participated in ENGIMACH four times and we have been much encouraged. We started our business in Gujarat from the ENGIMACH edition of 2017 and by now almost 300 machines have been installed! We definitely see a lot of new customers in ENGIMACH who are here to see different new technologies helpful for their products. Yes definitely we would like to participate again in ENGIMACH because of this very good performance of bringing new customers. ”

Survey Forms

- Most found this First Edition encouraging and desired a regular biennial edition.
- Most agreed that an INDIAN CASTINGS BAZAR should be promoted globally and were encouraging about participating in the next edition.
- The average rating for Exhibitor Goal Achievement in this edition was 5 on a scale of 1 to 10.
- Most participated enthusiastically in the formal Survey and gave suggestions for improvement in the next edition.
- We are gratified that the idea of promoting an INDIAN CASTINGS BAZAR and our first attempt has been well received and this has strengthened our resolve to do better in the next edition.

“The response to the events like Castings & Foundries has been quite positive, and it is evident that they are creating a significant amount of awareness regarding the foundry industry. The K and D management and team have done an excellent job in organizing these events. As we continue to see this trend of events unfold, there is no doubt that even more awareness will be generated. In fact, our own participation in the next edition of these events is already confirmed.”

Mr. Dinesh Garg, Director - BEHARI LAL GROUP

“We are delighted with the response to Engimach as there has been great footfall. This being the first time that Castings & Foundries have been included in the event, and it is remarkable how well-received it was. The high level of awareness surrounding the event will not only contribute to the growth of the casting industry but also ensure that it stays up-to-date with new market scenarios.”

Mr. Saurabh Bhardwaj, Head Foundry Vertical - ELECTROTHERM (INDIA) LIMITED

“The Castings & Foundries exhibition is invaluable for the foundry industry, allowing companies to focus on this specific sector. By participating in such events, we not only showcase our products and services but also establish connections within the industry. The response we have received has been overwhelmingly positive. This success motivates us to return for the next edition without hesitation. We are always eager to take part in events that shine a spotlight on foundries and provide opportunities for exposure and growth.”

Mr. Dushyant Gondalia, Director Business Excellence - GORECHA METAL TECH PRIVATE LIMITED

EXHIBITORS SPEAK

“Through our participation in Castings & Foundries, we have been able to gain significant exposure. This event has attracted industrialists from various sectors who have shown a keen interest in our offerings, allowing us to establish valuable contacts. We are confident that attending this event again next year will further enhance our visibility and networking opportunities.”

Mr. Ritesh Patel, Director & Chief Executive Officer, HEATTRANS EQUIPMENTS PRIVATE LIMITED

“The event, which was skillfully conducted by KandD and their team, deserves our heartfelt appreciation. We are grateful to them for organizing such a grand platform for the Foundries Industry. This initiative plays a pivotal role in promoting "Make-in-India" within the foundries sector, benefiting both current industry players and those who plan to join in the future. With this remarkable event, we can confidently say that we will be eagerly looking forward to participating again in the future.”

Mr. Manish Sahu, Assistant Manager (Product Development)
- JALPA DEVI ENGINEERING PRIVATE LIMITED

“This is our first time at Engimach and also at the Castings exhibition, and we couldn't be happier with the response. We have received numerous enquiries, which has been truly encouraging for us. This platform provided us with the opportunity to meet new buyers and suppliers all in one place, making our job much easier. We would like to express our gratitude to KandD and their team for their amazing work in organizing this event, and we sincerely hope they continue arranging such events more frequently. Needless to say, we are already looking forward to coming back for future editions.”

Mr. Shailesh Bhuva, Director - REVOLVING TECHNO CAST

“We have achieved remarkable success in generating leads for the future, thanks to the invaluable efforts of KandD and the team. Their commitment to excellence has paved the way for potential growth and expansion. We are confident that our partnership will continue to flourish and yield even greater results in the future.”

Mr. Vijay Purohit, Sales Head - STAR PIPE FOUNDRY (INDIA) PRIVATE LIMITED

A grand success

In terms of qualitative outcomes, our endeavours in India have been marked by significant milestones. We've witnessed the introduction of the intriguing Plasmoid Implosion technology, opening doors to exciting possibilities. Furthermore, our exploration has delved deep into scenarios envisioning India's ascent as a dominant AI-driven financial juggernaut. This journey has been fueled by the enthusiastic support of influential Indian executives, who are keen on bolstering investments in Gujarat's thriving tech startup ecosystem. Notably, the dialogue between local Gujarat residents and esteemed foreign delegates has been both engaging and enlightening, fostering cross-cultural exchange and collaboration.

On the quantitative front, our efforts have yielded substantial results. We've amassed a wealth of valuable video content, encompassing various aspects of our initiatives. Additionally, we've compiled dozens of insightful sound bites featuring expert commentary, shedding light on the practical applications of AI in Gujarat. In a significant development, the Indian Navy has expressed its commitment to conducting testing on Malcom's Plasmoid Generator, showcasing the real-world impact of our efforts. Lastly, our foray into Michal Ukropec's Digital Twins technology has generated substantial interest, indicating its potential relevance and impact in the region

YOUR PARTNER IN GROWTH

Since 1995

A pioneering trade fair organizer in its **30th** year, **K AND D COMMUNICATION LIMITED (KDCL)**, has consistently fueled economic growth by organizing **100+ national and international exhibitions all across India in different industrial segments**. Its portfolio of highly acclaimed trade show brands include **ENGIMACH, INDIA MACHINE TOOLS SHOW, RAJKOT MACHINE TOOLS SHOW, PUNE MACHINE TOOLS SHOW, PUNJAB MACHINE TOOLS SHOW and ITMACH INDIA**. KDCL is also a renowned provider of turnkey solution - from concept to completion including stall booking - for many prestigious international trade shows organized by state governments and trade associations.

KDCL helped develop the **Helipad Exhibition Centre (HEC) in Gandhinagar, Gujarat**. It is one of the largest exhibition centres in India and the largest in Gujarat. Equipped with world-class infrastructure, HEC is the venue of choice for leading international trade shows and events.

K and D Communication Limited is dedicated to creating outstanding trade show platforms that contribute significantly to economic growth and prosperity.
